

Clinical placements for Optometrists / MDT members

About the MDTEA

The Multi-disciplinary Team Eye Academy aims to provide clinical placements in line with the Ophthalmology Core Clinical Competency Framework to eye health care workers from all professional backgrounds across Yorkshire and Humber (Y&H) and beyond.

It is based at St George's Community Eye Centre, Middleton, South Leeds providing good motorway access from across Y&H but placements provide additional experience across other Leeds Teaching Hospital Glaucoma services at Seacroft, St James's University Hospital, Leeds and Wharfedale General Hospital, Otley.

This is a survey looking for professionals interested in attending a 12 week (24 session) clinical placement relating to:

- **Higher Professional Certificate in Glaucoma**
- Independent-prescribing
- Other

Semester dates:

- October – December 2017
- January – March 2018
- April – June 2018

Please contact us on the following email if you are interested, stating:

- a) the professional qualification for which the placement would be required
- b) all suitable semester dates.

(As places become available they will be offered on a 'first-come, first-served' basis)
